VERRA MOBILITY LIVE
VIDEO SOLUTIONS

NEVER MISS WHAT MATTERS

VIDEO RETRIEVAL & LIVE-STREAMING

Verra Mobility LIVE **is a situational awareness tool that is always on and ready to support your team.**

> FEATURES

- Nonstop Situational Awareness
- Self-service Video Retrieval Direct from AXSIS™
- Minimum 30-day Historical Video Retention
- Stand-alone Cellular Communications
- Detailed Usage Reports Included
- Stream Live Video Upon Demand from a Web Browser
- Full device support: Desktop, Laptop, Tablet, Smart Phone
- Secure Login & Authentication with Audit Trail

> VERRA MOBILITY LIVE:

- Makes real-time visual intelligence & post-incident analysis possible everywhere you deploy.
- Allows multiple users to stream from one camera site simultaneously so you and your team can quickly address an incident.
- Operates independently from photo enforcement camera systems, ensuring no interruptions to capturing violations.
- Enables force multiplication with video live-streaming and historical video to keep your people where they're needed most.

VERRA MOBILITY LIVE

HISTORICAL VIDEO FOOTAGE

- **Gain Access:** Download recorded video up to 30 days back from any supported road safety video camera location.
- **Gain Evidence:** Develop investigative support to make and close more cases faster through scene recreation & post-incident analysis.
- **Gain Convenience:** Request video yourself at any time through our fast & easy online app.

LIVE-STREAMING VIDEO

- **Save Lives:** Deploy first-responders quickly & safely after observing the severity of a scene.
- **Save Resources:** Maintain "eyes" throughout your city without officers on location.
- **Saving Time for Commuters:** Monitor real-time road conditions & respond rapidly to keep traffic moving.
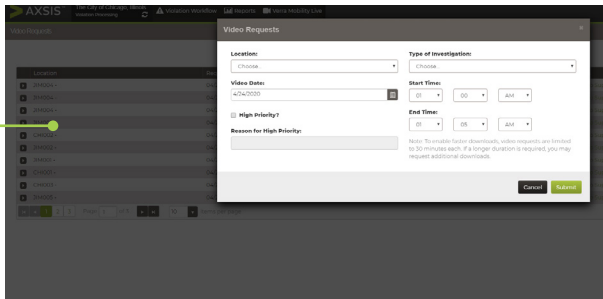

HISTORICAL VIDEO RETRIEVAL

- Retrieve available historical video yourself 24/7/365 in AXSIS
- 30 days of historical video storage at each site
- Capture reasons for user video retrieval over time

SOFTWARE FEATURES
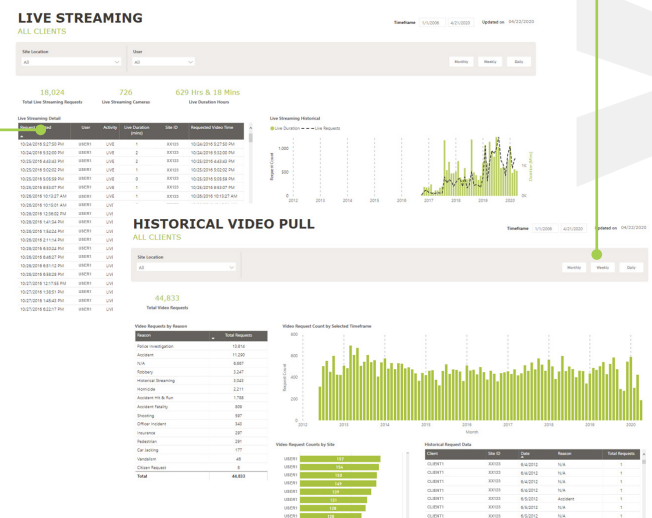

Updated, intuitive user interface

Streamlined access from your AXSIS homepage

Expanded self-service video request tool for all supported video sites

LIVE VIDEO STREAMING

- New live video stream interface in AXSIS
- Easy site selection and video display

VERRA MOBILITY LIVE REPORTING

- Improved reporting for Verra Mobility LIVE user activity
- Understand the unique value of situational intelligence for your organization
- Analyze the trends and insights of your Verra Mobility video program

VIOLATOR-FUNDED VIDEO SERVICES

Verra Mobility LIVE video solutions perfectly complement your existing photo enforcement program.

Using photo enforcement sites for situational awareness helps you maximize resources and further support public safety efforts to make communities safer.
