

INTRODUCING VERRA MOBILITY YOUR GLOBAL SMART MOBILITY PARTNER

Sitting at the nexus of the smart mobility ecosystem, we solve our customers' most demanding challenges

**VERRA
MOBILITY™**
Safe. Smart. Connected.

ABOUT VERRA MOBILITY

Verra Mobility partners with toll authorities, fleets, fleet management and rental car companies to provide smart mobility solutions to reduce administrative costs associated with tolling, violations and title and registration management.

We also have established relationships with more than **450** parking companies, road toll operators and government issuing organizations in **15** European countries to identify and collect unpaid traffic and public transport fees, charges and penalties issued to foreign registered vehicles.

We offer technology and services that provide smart mobility solutions in a complex and evolving industry, including:

- Toll Management
- Violation Management
- Title and Registration Services
- Data and Mobility Services

Road Toll Operators and Government Issuing Agencies

- Collection of unpaid traffic/parking fines and penalties issued to Foreign Registered Vehicles (LEZ, ULEZ, Tolls)
- Providing custom toll and violation payment solutions for commercial and rental fleets
- Specialized services provided to **450** issuing organizations, parking companies and toll road operators in **15** countries

Solutions for Fleets and Fleet Management Companies

- Offering a full suite of tolling, violation management and title & registration services for fleets of all sizes
- Existing partnerships with the top 10 fleet management companies in North America
- Transponder equipment fulfillment and management

Rental Car Toll and Violation Management Services

- Partnerships with the world's largest rental car companies
- Customizable, flexible toll payment solutions to enable an improved renter experience
- Direct toll authority integrations in Europe to provide toll management solutions in Spain, Portugal, France and Italy.
- Dedicated account management

WHAT SETS US APART?

- **6M** fleet and rental vehicles covered by integrated toll and violation management services
- **200M+** tolls processed and **2M+** violations processed annually
- Relationships with nearly **60** unique tolling authorities and organizations
- **~70%** of violations processed electronically
- Electronic integrations with **400+** issuing authorities
- Global operations in **19 countries** in North America and Europe
