

MOBILE SPEED SAFETY CAMERAS

SLOW TRAFFIC &
ENHANCE SAFETY

**Deploy Vehicle
at the Roadside**

**Change
Driver Behavior**

**Reduce
Speeding**

**Promote
Community Safety**

➤ THE FUTURE OF ENFORCEMENT

- Mobile speed safety cameras can be relocated and configured to enforce speed at multiple locations, including urban interstates, community roads, and school or work zones.
- Verra Mobility professionals will partner with project stakeholders to customize a speed safety camera solution that works best for your community.

➤ FEATURES

- Roadside deployment for on-the-go enforcement
- Multiple vehicle make and model options
- Highly accurate speed and lane designation technology
- High-definition video footage of each speed event
- Vehicle owner and driver liability enforcement configurations
- High-resolution camera that captures clear event images day and night
- Illumination that minimizes visible light and is respectful to drivers
- Digital signature at time of capture and internal system self-checks
- Operational in all weather conditions
- Operational with or without Technician present
