A GLOBAL INDUSTRY LEADER

The global mobility ecosystem is accelerating at an exciting speed as vehicle technology, transportation systems, and consumer habits evolve rapidly and require innovative solutions.

Verra Mobility is uniquely positioned to address the global mobility needs of today and tomorrow by bringing together vehicles, hardware, software, data, and people to enable innovative and efficient solutions.

WE OFFER

Toll & Violation Solutions

We partner with toll authorities, fleets, fleet management, and rental car companies to provide smart mobility solutions and reduce administrative costs associated with Tolling Management, Violation Management, Title and Registration Management, and Data and Mobility Services.

Shared Vehicle Services

Verra Mobility helps shared vehicle services solve their mobility challenges with integrated technologies and solutions to reduce costs and add value. Our services shorten the time it takes to get new vehicles road-ready and optimized to manage violations and tolls for maximum efficiency.

Connected Fleet Integration

Verra Mobility helps reimagine the future of fleet services and transaction capabilities for connected vehicles. As vehicles increasingly become more technologically enabled, we help solve complex payment, utilization, and compliance challenges for fleet owners and rental car companies.
